3

Cut out the green part of the boxes and on the diagonal lines to make tabs. Attach the three boxes from #2 to the tabs on the back of #3.

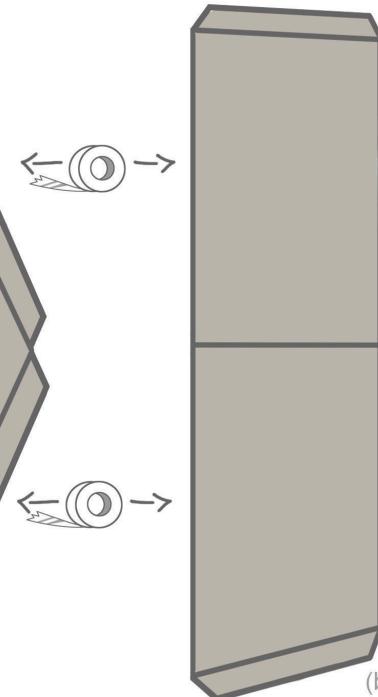

Connect the bottom of the structure to the front via the tabs on the front (use tape or glue).

1

Paste the front from page 3 onto the back on this page.

2

This piece will paste to the front of page 5.

Folds:

..... = V Fold
----- = \wedge Fold

ST. FRANCIS DAM

www.spitefuls.com

Connect part 2 from page 4 with the front portion of the dam (at point A).
Connect boxes like was done on page 3. Finally, add the back to the front of the dam.
Attach to base of diorama.
